

No. 137-AR

NORTHERN LEHIGH  
SCHOOL DISTRICT

ADMINISTRATIVE  
REGULATION

### IN-HOME INSTRUCTION

A student's participation in an In-Home Instruction Program does NOT indicate that the student is progressing as a Northern Lehigh School District student. Although school officials may deem an In-Home Program as "appropriate", this may not be sufficient for similar grade or similar course credit placement at Northern Lehigh School District.

Class standing and graduation requirements of Northern Lehigh School District are attained by satisfactory completion of school district courses.

In the event a home school student enrolls at Northern Lehigh School District, credit or class standing will NOT be awarded unless compelling evidence of learning is presented to school officials. Evidence may be in the form of student work portfolios, interview data, or satisfactory progress as evidenced through the successful completion of final examinations administered by Northern Lehigh School District school officials.
